Sixth Grade Curriculum Mapping Survey

We are trying to develop a sixth grade ELA curriculum. We would like this process to be a collaborative effort to insure that the curriculum actually reflects the sixth grade Language Arts Teachers’ thoughts about what should be covered, how it should be covered, when it should be covered and how deeply it should be covered.

Reading – Review each of the topics and, using the spaces provided, check off *only* what applies to you. Use N/A as necessary.
